# **SITUATION SUMMARY**

## **San Mateo Bridge Closure**

- The San Mateo Bridge will be closed for construction work for two weekends in May.
- According to Caltrans, the first weekend closure is scheduled from 2200 hours on Friday, 05/08/15 through 0500 hours on Monday, 05/11/15.
- A second closure is scheduled from 2200 hours Friday, 05/15/15 through 0500 hours on Monday, 05/18/15.
- Drivers are being asked to use the Dumbarton, Bay Bridge or Highway 237 as alternate routes. The agency says crews will use the closure to resurface the entire span of the bridge and replace expansion joints. Electrical cables and transformers will also be replaced. The closure could impact travel to several major Bay Area events, including the Bay to Breakers on 05/17/15.

## **Severe Weather, Midwest, US**

- FEMA reports unconfirmed 46 tornadoes, 23 damaging wind events, and 44 large hail reports in Oklahoma, Kansas, and Nebraska.
- FEMA reports an unconfirmed 202 homes destroyed and 2,008 homes damaged throughout the affected states, with the most significant damage in OK. Scattered damage to outbuildings and other structures has been reported throughout OK, KS, and NE. Numerous road closures have been reported from storm debris and flooding. Approximately 4,913 customers are without power in OK.
- 20 injuries have been reported. There are no reported fatalities.
- As the weather conditions and forecast have improved, the FEMA Region VI Regional Response Coordination Center (RRCC) has demobilized and returned to Watch/Steady State. The FEMA NWC remains at Watch/Steady State. The OK Emergency Operations Center (EOC) has transitioned to Level III (Partial Activation) from Level II (Full Activation). The NE and KS EOCs are at Normal Operations.
- There are no requests for FEMA assistance. The National Infrastructure Coordinating Center reports there are no known/reported impacts or threat to national critical infrastructure.

## **7.8 Magnitude Earthquake, Kathmandu, Nepal**

- In response to Nepal's request for urban search and rescue (US&R) assistance the United States State Department, U.S. Agency for International Development's, Office of Foreign Disaster Assistance (USAID/OFDA) deployed two INSARAG-Classified Medium US&R teams: Fairfax County, VA (VA-TF1, identified by USAID/OFDA as USA-1), consisting of 54 personnel to include six Canine Search Teams; and Los Angeles County, CA (CA-TF2, identified by USAID/OFDA as USA-2), consisting of 57 personnel to include six Canine Search Teams. USA-1 and USA-2 are actively operating in Nepal at this time.

# **SITUATION SUMMARY**

## **Cal EOC Incident – 2014 Drought**

- SOC / Inland REOC remains activated in support of 2014 Drought
- Tuolumne County has submitted a Drought Proclamation continuance
- Humboldt County has submitted a Drought Proclamation continuance

## **Weather of Concern**

- A strong area of low pressure currently centered over Northern California will bring showers and scattered thunderstorms to the region through Friday evening. Most Sierra locations will receive between 1 and 2 inches of rainfall with this low pressure area. Elsewhere, most locations will receive between 0.25 and 0.75 of an inch of rainfall. The snow level will be between 5,000 and 6,000 feet.

# WEATHER

## WEATHER SYNOPSIS BY REGION:

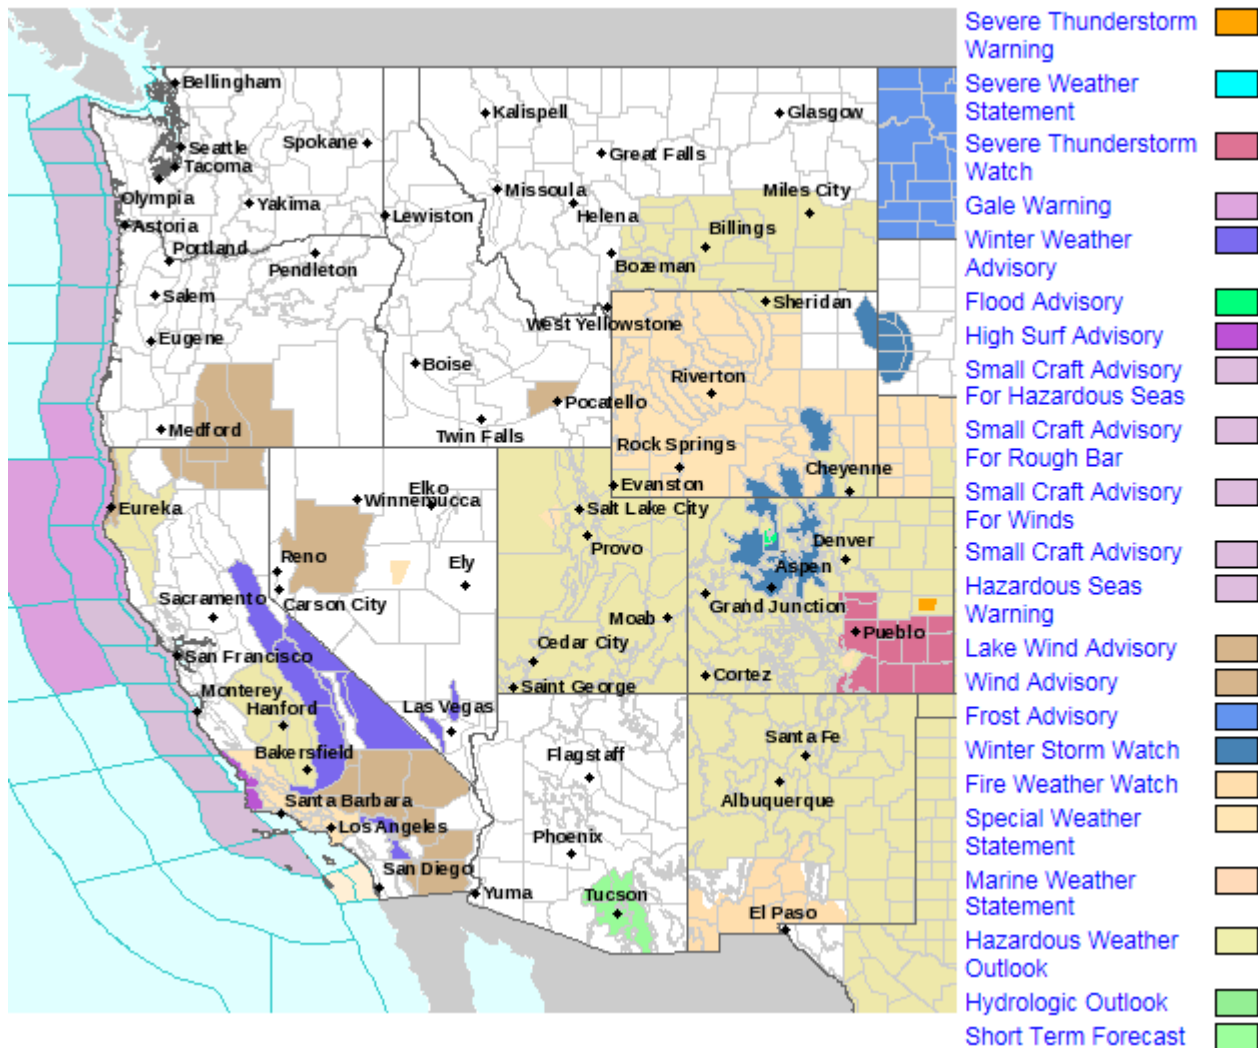

### **NORTHERN CALIFORNIA**

A cool closed low pressure system has dropped south from Oregon - it was centered close to Sacramento early this morning. Northern California areas that are north to northeast of the low's center are mainly cloudy today, and with moderate to higher relative humidity, with areas of shower activity. There will also be an increasing chance of at least isolated wet thunderstorms again this afternoon, primarily in the south and east portions of the Geographic Area. The winds mentioned in the headline may only be a fire potential issue in the northern Sacramento Valley and a little westward, where the drier flow down the back side of the low exists, and there is the most sunshine. The low moves South then East to be centered near Bishop by late Friday morning, a position still close enough to . Northern California for some chance of cool eastern area showers to linger. The first two-thirds of the weekend dry out in most areas, as a narrow, transitory high pressure ridge comes across Northern California. Winds will be considerably lighter on Saturday than on the few previous days. We quickly trend back toward a moister pattern for the first half of next week starting Sunday evening. Current weather model timing shows a moist Pacific cold front moving into the northwest part of the Area that afternoon.

### **SOUTHERN CALIFORNIA**

A strong area of low pressure currently centered over Northern California will bring showers and scattered thunderstorms to the region through Friday evening. Most Sierra locations will receive between 1 and 2 inches of rainfall with this low pressure area. Elsewhere, most locations will receive between 0.25 and 0.75 of an inch of rainfall. The snow level will be between 5,000 and 6,000 feet. South to west winds of 20 to 30 mph with gusts to 50 mph will surface across the Tehachapi Mountains, Antelope Valley, and Banning Pass through Friday evening along with the Owens Valley this afternoon. Temperatures will be 10 to 15 degrees below normal through Friday, with 40s to low 50s in the mountains and upper 50s and 60s in the valleys. A weak ridge of high pressure will build into California from the Pacific Ocean bringing warming and drying this weekend. Temperatures will warm to near normal by Sunday. The shower and thunderstorm threat will end across most of the region this weekend, but isolated afternoon showers and thunderstorms will continue over the Sierra. Another area of low pressure, weaker than the current one, will drop down the California Coast and inland over Southern California Monday through the middle of next week bringing a cooling trend and an increase in humidity to the area. Showers and thunderstorms will increase across the Sierra once again, with the possibility of isolated shower and thunderstorm activity elsewhere.

## RECOVERY ACTIVITIES

### Round Fire, Mono County

- Application of hydroseeding on the impacted lots and final site photos and documentation is complete. Rental equipment demobilization is continuing. All Cal Recycle restroom facilities were collected; remaining facilities were donated by the local sanitation company.

### **Project Totals as Day 34:**

37	Homeowners who registered for the removal project.
4	Homeowners that denied entry.
38	Initial site assessment/site documentation complete.
38	Asbestos survey completed and results received.
37	Debris removal completed.
37/37	Confirmation sampling completed/approved.
34	Tree Removal Completed (34 homes have hazard trees).
37	Erosion Control Completed (storm water waddles).
37	County Approval.

### **Estimated Project Total Tonnage for the Project as of Day 34:**

<b>Category</b>	<b>Total Tons</b>
Debris and Ash Disposed	3,459
Soil Disposed	4,493
Metals Recycled	1,476
Concrete Recycled	3,916
Total All Categories	13,344

# **CAL OES 2014 DROUGHT**

## **Cal EOC Incident – 2014 Drought**

- The SOC, Inland, Coastal, and Southern REOCs and the Santa Barbara County EOC are activated in support of the Drought State of Emergency and continue to monitor the situation.
- The Governor issued Executive Order B-26-14 on 09/19/14, to streamline relief efforts for families with drinking water shortages due to drought, specifically through the California Disaster Assistance Act, to provide temporary water supplies to households without water for drinking and/or sanitation purposes.
- The Governor issued Executive Order B-29-15 on 04/01/15 which announced actions that will save water, increase enforcement to prevent wasteful water use, streamline the state's drought response and invest in new technologies to make California more drought resilient.
- CDAA 2014 Drought Fact Sheet and Frequently Asked Questions provided to Regions for reference and distribution.
- Cal OES Recovery continues to coordinate the Community Impacts Workgroup conference calls. Currently, the calls take place on alternating Wednesdays.
- Cal OES Regional (Inland, Coastal, Southern) conference calls continue to occur on a weekly basis.

# CAL OES 2014 DROUGHT

## Cal EOC Incident – 2014 Drought

### **Local Emergency Proclamations:**

**A total of 56 local Emergency Proclamations have been received to date from city, county, and tribal governments, as well as special districts:**

- 25 Counties: El Dorado, Fresno, Glenn, Inyo, Humboldt, Kern, Kings, Lake, Madera, Mariposa, Merced, Modoc, Plumas, San Bernardino, San Joaquin, San Luis Obispo, Santa Barbara, Shasta, Siskiyou, Sonoma, Sutter, Trinity, Tulare, Tuolumne, and Yuba.
- 10 Cities: City of Live Oak (Sutter County), City of Lodi (San Joaquin County), City of Montague (Siskiyou County), City of Portola (Plumas County), City of Ripon (San Joaquin County), City of San Juan Bautista (San Benito County), City of Santa Barbara (Santa Barbara County), and City of West Sacramento (Yolo County), City of Willits (Mendocino County), City of Manteca (San Joaquin County).
- 9 Tribes: Cortina Indian Rancheria (Colusa County), Hoopa Valley Tribe (Humboldt County), Karuk Tribe (Siskiyou/Humboldt Counties), Kashia Band of Pomo Indians of the Stewarts Point Rancheria (Sonoma County), Picayune Rancheria of Chukchansi Indians (Madera County) Sherwood Valley Pomo Indian Tribe (Mendocino County), Tule River Indian Tribe (Tulare County), Yocha Dehe Wintun Nation (Yolo County), and Yurok Tribe (Humboldt County).
- 12 Special Districts: Carpinteria Valley Water District (Santa Barbara County), Goleta Water District (Santa Barbara County), Groveland Community Services District (Tuolumne County), Lake Don Pedro Community Services District (Mariposa Stanislaus County), Mariposa Public Utility District (Mariposa County), Meiners Oaks Water District (Ventura County), Montecito Water District (Santa Barbara County), Mountain House Community Service District (San Joaquin County), Nevada Irrigation District (Nevada County), Placer County Water Agency (Placer County), Tuolumne Utilities District (Tuolumne County), and Twain Harte Community Services District (Tuolumne County).

## **UPCOMING EVENTS, TRAINING, EXERCISES**

### **2015-16 Capstone California Functional Exercise (FE) - May 11-14, 2015**

The Capstone 2015 Exercise theme is a major earthquake 7.8 earthquake on the San Andreas in Southern California. It is a full scale exercise which will take place on May 11-14, 2015. The focus of the exercise will be to test and evaluate the concept of the Incident Support Teams (IST). The exercise will involve participation from Southern Regional Operational Area ESCs, simulating the Operational Areas affected, State EF's, CUEA, FEMA Region IX, FEMA National Incident Management Assistance Team (N-IMAT), FEMA HQ, USNORTHCOM, DOD, USCG and USACE. Capstone 2015 will allow the Cal OES, FEMA Region IX, FEMA N-IMAT and the Operational Areas' ESC's an opportunity to evaluate the Southern California Catastrophic Response Plan. The plan was developed and approved by FEMA Region IX and Cal OES.

# CAL OES MISSIONS

## Cal OES Missions

- **2015-LAW-9521, 4/10/2015, 1033 hours**, Solano County Sheriff's Office, on behalf of Fairfield Police Department, is requesting two HRD K9 to assist in a cold case homicide investigation. The requested resources responded for a 0830 hour briefing, 5/6/2015, at the Fairfield Police Department. Cal OES LEB is coordinating the response. **Update:** Per Solano SO, the HRD K9 teams have completed their mission and been released. **Mission Closed..**

**Mission:**

We protect lives and property, build capabilities, and support our communities for a resilient California.

*We achieve our mission by serving the public through effective collaboration in preparing for, protecting against, responding to, recovering from, and mitigating the impacts of all hazards and threats.*
